

**Mounting interfaces**

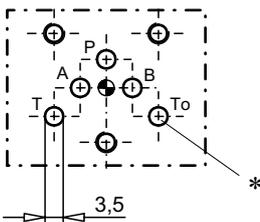

- standards for hydraulic valve interfaces

**INFORMATION**

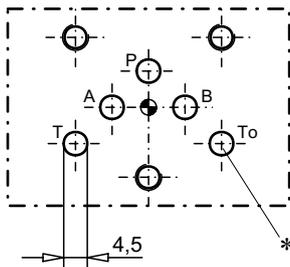

There is considerable confusion over standards as applicable to the valve interfaces depicted below.

**NG3-Mini**

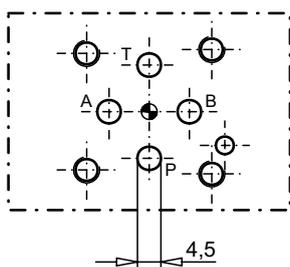

Wandfluh standard

**NG4-Mini**

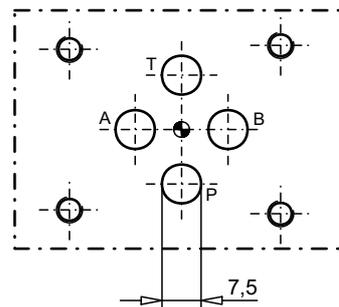

Wandfluh standard

**NG4**

ISO 4401-02

**NG6**

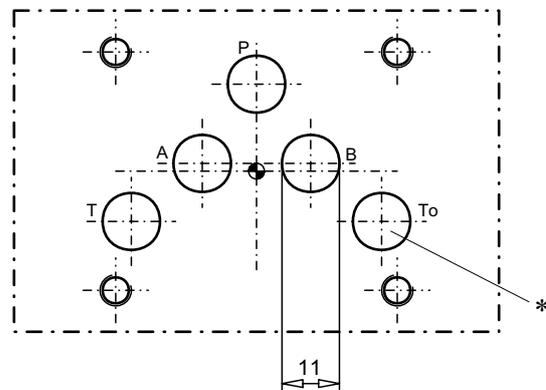

ISO 4401-03

**Note:**  
Wandfluh delivers his products without center bore and center pin.

**NG10**

ISO 4401-05

**\* Important:**

$T_0$  is not drilled in subplates NG3, NG4 and NG10, but  $T_0$  is included in most of sandwich- and flange valves.
